4. Applicable Legislation:

Regulation (EU) 2025/40 (Packaging and Packaging Waste Regulation)

5. Reference to Relevant Harmonised Standards or Common Specifications

No harmonised standards or common specifications within the meaning of Articles 36 and 37 of Regulation (EU) 2025/40 have been adopted by the European Commission at the date of this Declaration. Conformity has been assessed on the basis of technical information and declaration provided by our suppliers.

6. Notified Body:

Not applicable. Conformity has been assessed by the manufacturer in accordance with Module A (internal production control) as set out in Annex VII of Regulation (EU) 2025/40. No notified body has been involved.

7. Compliance Statement:

This Declaration of Conformity (DoC) is issued under the sole responsibility of the Manufacturer. We hereby declare that the packaging used for the above-mentioned products complies with the following applicable requirements of Regulation (EU) 2025/40:

JSW Steel Limited

DOLVI Works:

Dolvi, Taluka: Pen

Dist. Raigard-402107, Maharashtra, India.

Phone : +91 2143 277501-15

Fax : +91 2143 277533/42

website : www.jsw.in

Article 5: Restrictions on hazardous substances (no restricted substances above thresholds); We confirm that packaging does not contain PPWR Restricted substances: Concentration of lead, cadmium, mercury and hexavalent chromium (combined) does not exceed 100 mg/kg, in accordance with Article 5(2) of Regulation (EU) 2025/40

8. Additional Information (Annex VIII, item 8)

Traceability: This Declaration applies to the packaging type identified by the Package Reference in Section 2 above. Traceability between this Declaration and the packaging to which it applies is established by the Package Reference, as recorded on the coil Packing standard Doc No: PDQC/P/31 Issue no: 01, Rev no: 00, Date: 25/09/2026. And Corresponding JSW Dolvi Ltd. packaging material supplier conformity Declaration attached

9. Update of DoC:

The manufacturer hereby undertakes to update this DoC in compliance with Regulation (EU) 2025/40, or the harmonized standards or common specifications referenced herein, are amended, or whenever the packaging to which it refers is modified in a manner that affects compliance with Regulation (EU) 2025/40.
